Career Objective

I am a motivated and enthusiastic Computer Science and Engineering graduate from Daffodil International University with basic skills in Python, Django, Web Development, UI/UX Design, and Artificial Intelligence. I have hands-on experience in developing user-friendly web applications, designing intuitive user interfaces, and building AI-driven solutions through academic and practical projects. Passionate about continuous learning, problem-solving, and creating innovative software solutions, I am seeking an opportunity to contribute my technical skills, collaborate with dynamic teams, and grow as a Software Engineer while delivering value through modern technologies.
